Children's Cancer Centre Construction Working Group
22nd July 2026

Freephone: 01727 875551 **Email:** ccc@gosh.nhs.uk

Agenda – Construction Working Group for the Children's Cancer Centre – 22nd July 2026

- Welcome and Introductions
- Apologies
- Minutes / actions of the last meeting
- Highways Update
- Update from Sisk – what to expect in May and June 2026
- Next meeting / AOB

Freephone: 01727 875551 **Email:** ccc@gosh.nhs.uk

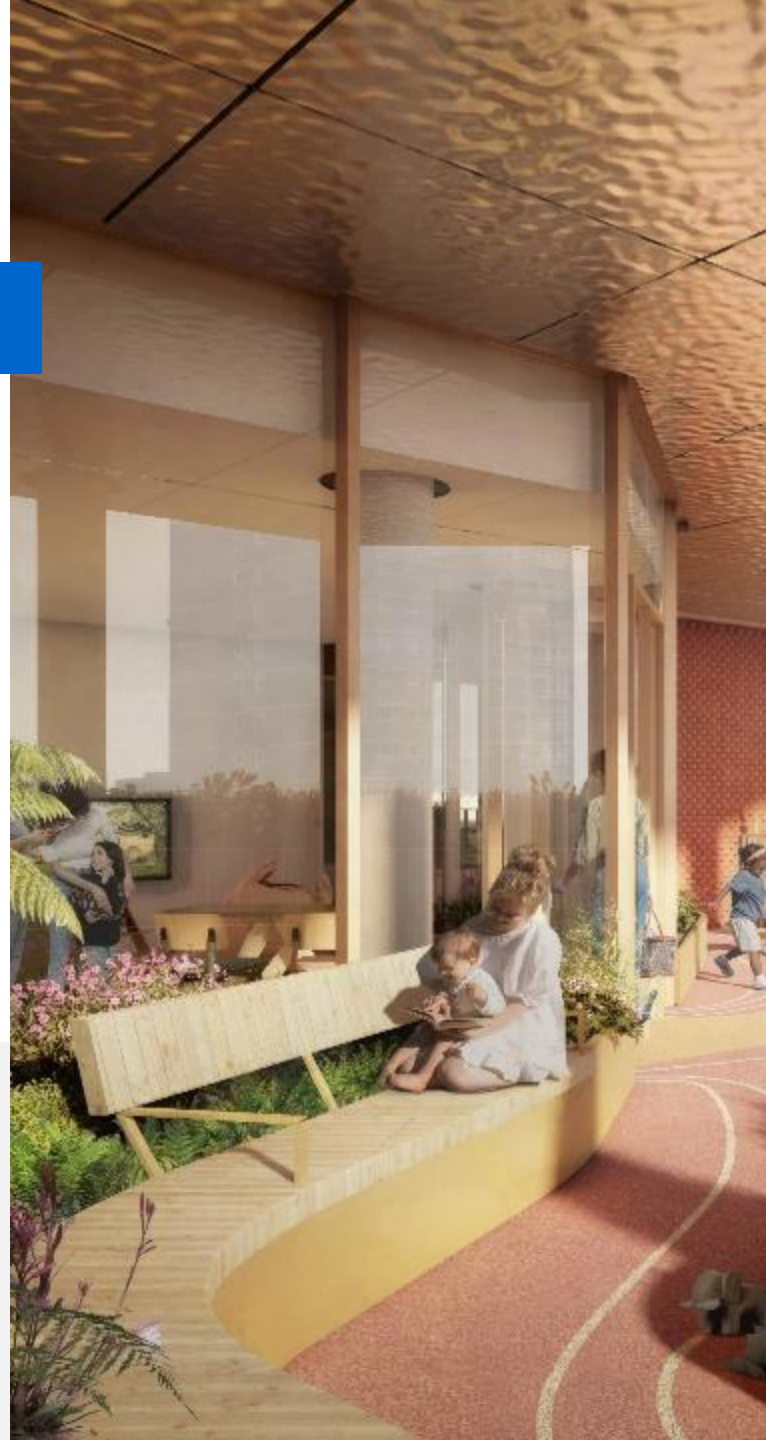
Introductions

GOSH

- **Zoe Ward**, Head of Communications and Engagement, Children's Cancer Centre

Sisk

- **Nick Fitzgerald,** Senior Project Manager
- **Patsy Evans**, Social Value & Stakeholder Manager



John Chamberlain, Ed Richards and Gillian Mosely.

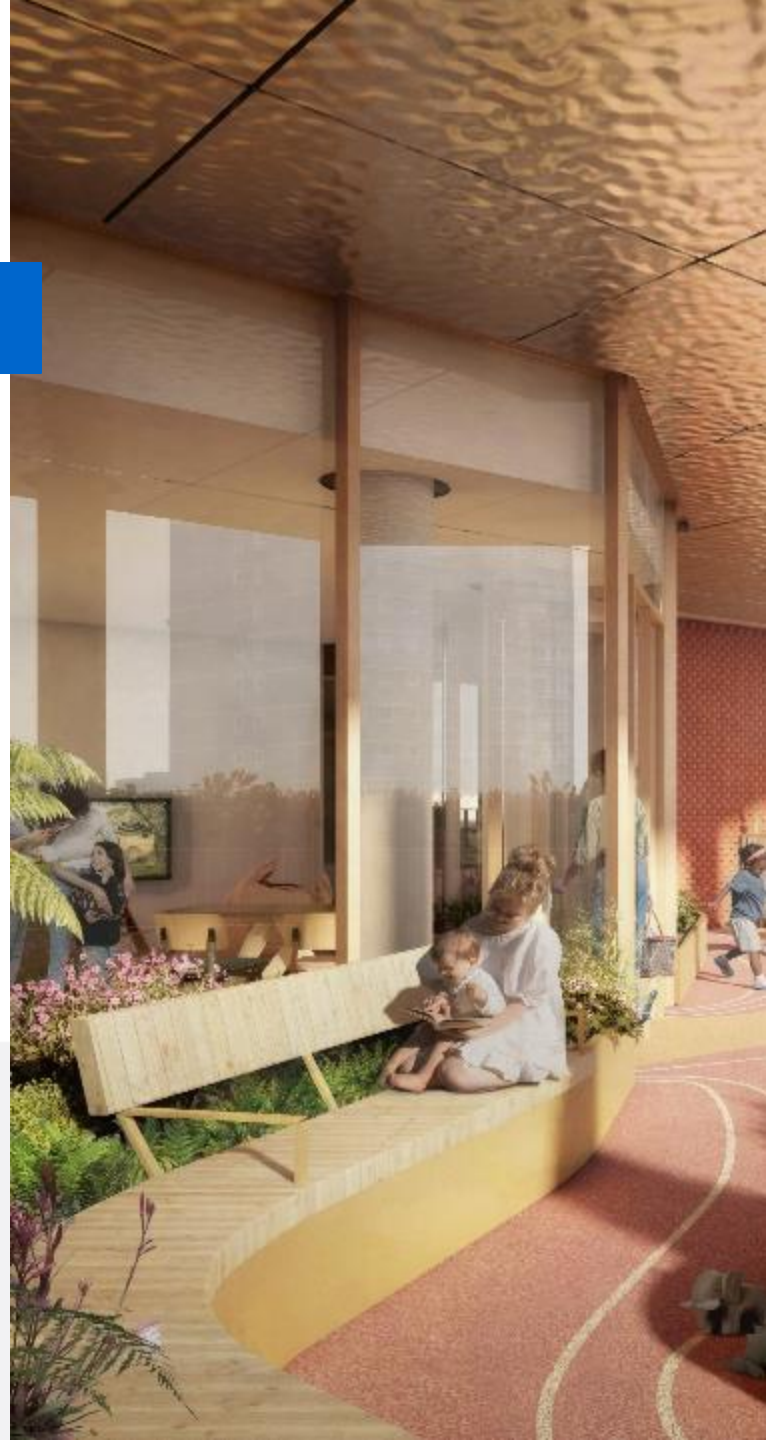
Great Ormond Street Hospital for Children NHS Foundation Trust

SISK ESTD. 1859

Introductions

Apologies

- Helen Percival
- John Chamberlain
- Jim Marr (LAS)



Great Ormond Street Hospital for Children NHS Foundation Trust

SISK ESTD. 1859

Minutes of the last meeting

- Comments
- Questions
- Approve

Freephone: 01727 875551 **Email:** ccc@gosh.nhs.uk

Actions of the last meeting

Actions

1. PE to send James White the Traffic Survey - complete.

1. Sisk agreed to look at signage on the east end of Great Ormond Street to ensure vehicles were aware of cycling contraflow.

Works Performed During the Reporting Period

- Completion of piling
- Capping beam construction
- Section pour of level 01 slab
- Commence southern basement liner wall
- PO'G underpinning internal
- Removal of level 02 VCB slab
- Commence install of basement temporary props

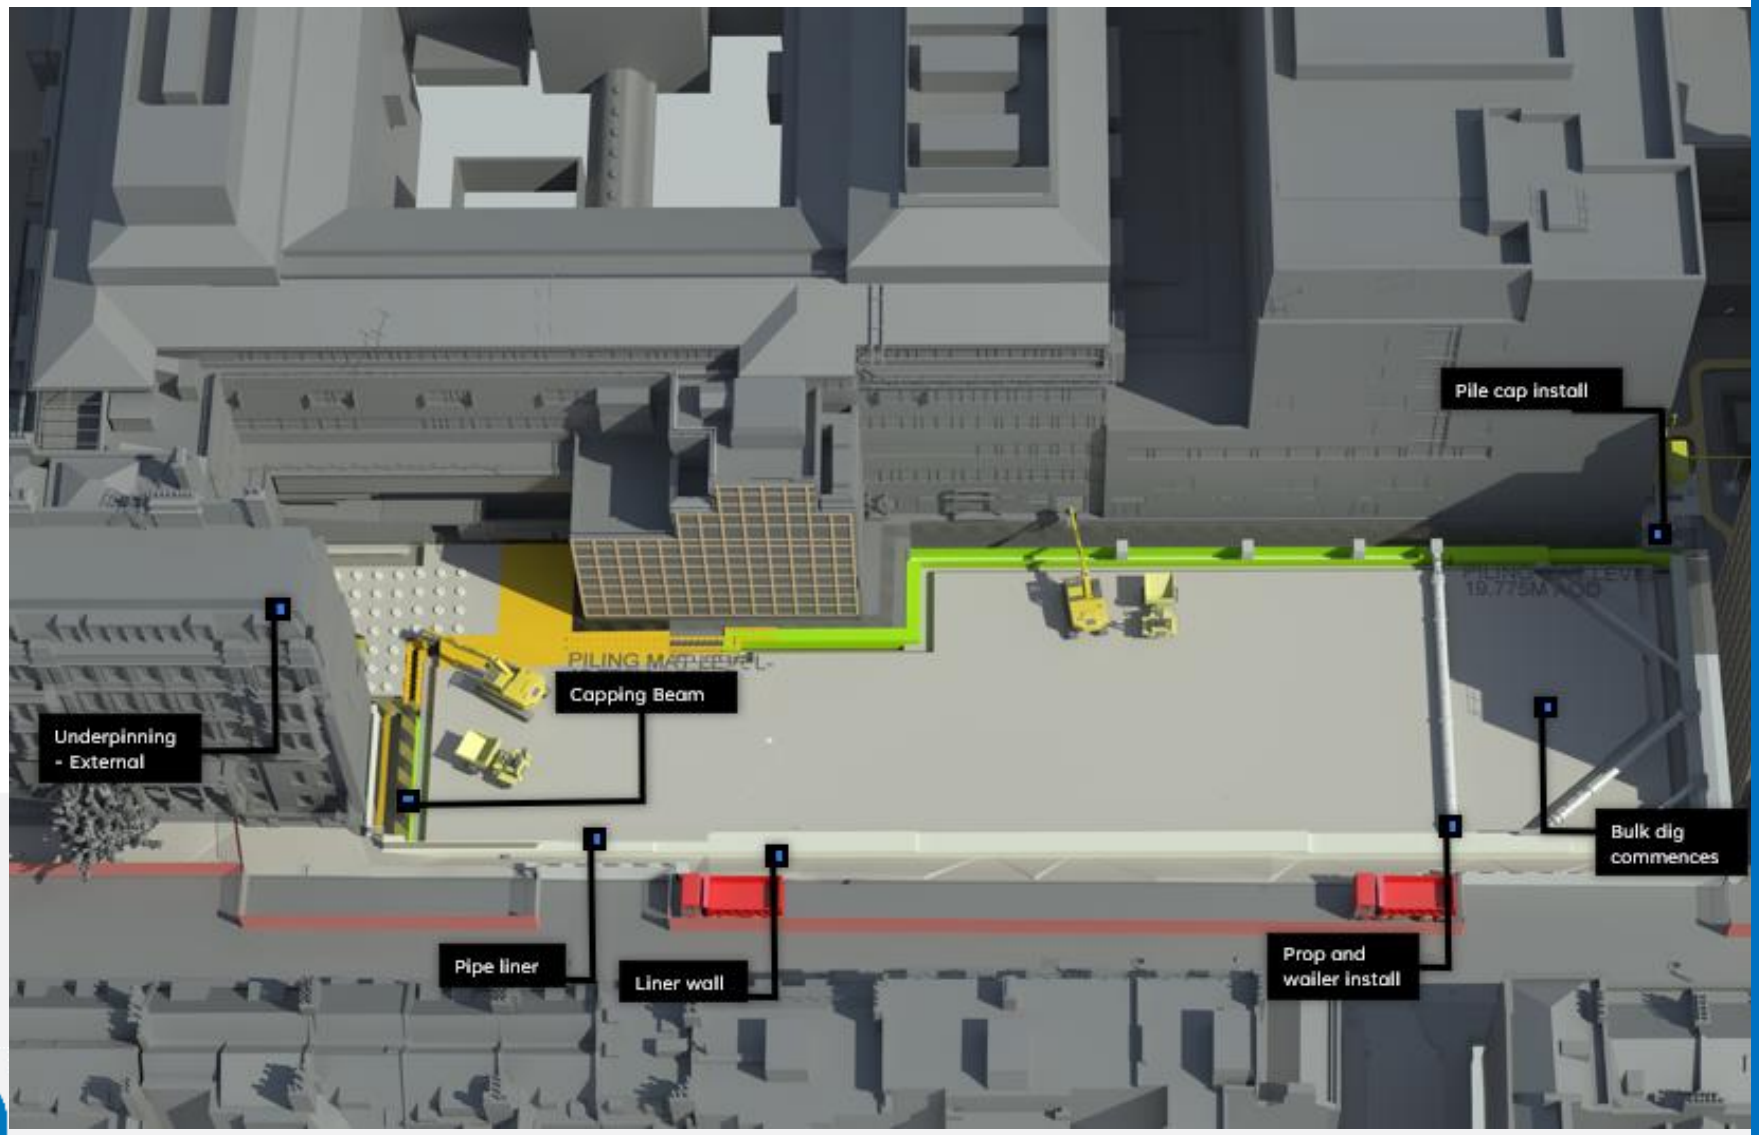
6th May Groundworks

11th June - Groundworks

Great Ormond Street Hospital for Children
NHS Foundation Trust

SISK
ESTD. 1859

Current Works



PUBLIC NOTICE

From WC 22/06/2026

Site vehicle attendance 07:30 – 08:00 during basement excavation

No works permitted before 08:00.

07:30 – 08:00 only to facilitate vehicles access in the pitlane to avoid creating wider highway congestion.

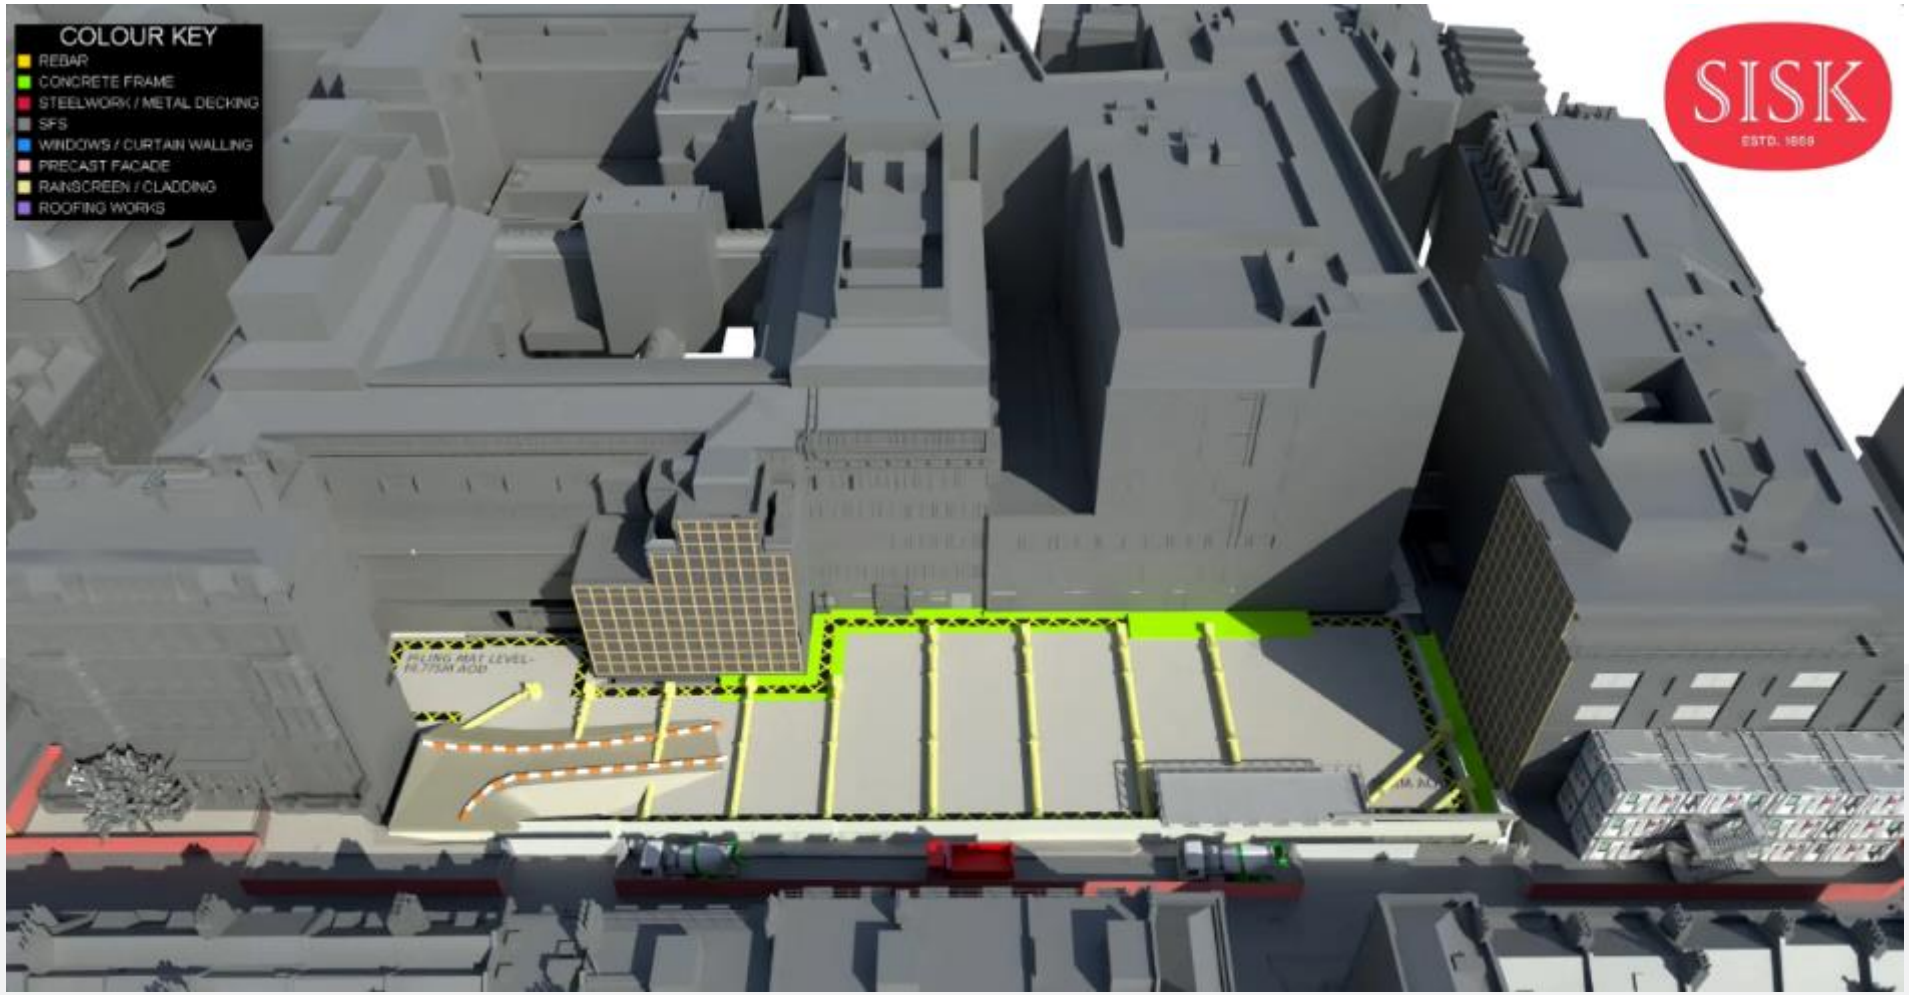
Public notification to be issued WC 15/06/2026.

Freephone: 01727 875551 **Email:** ccc@gosh.nhs.uk

Max deliveries for June / July 30-35 per day.

June / July 2026

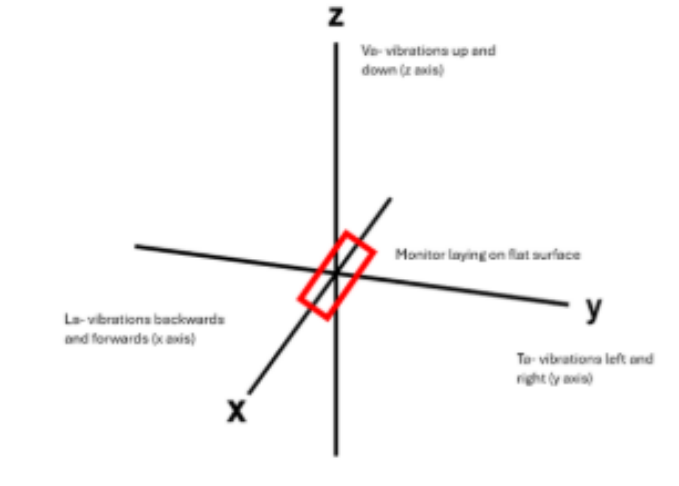
- North capping Beam
- PO'G Underpinning
- Temporary gantry construction
- Basement excavation – 13wk
- Commence Installation of basement props



Freephone: 01727 875551 **Email:** ccc@gosh.nhs.uk

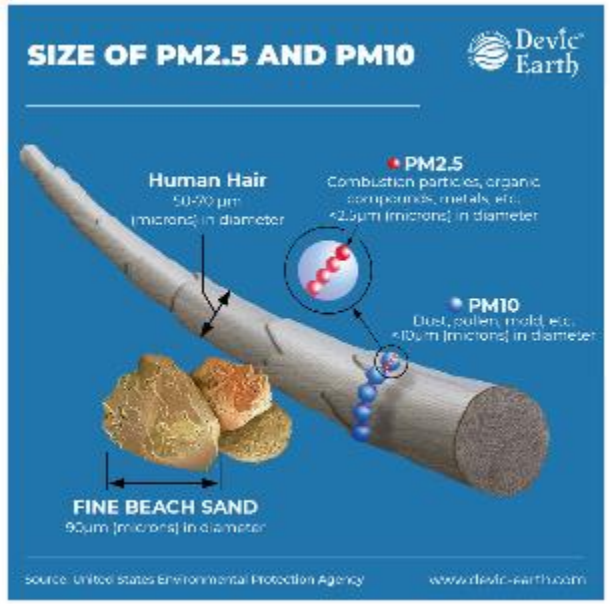
Noise / Dust / Vibration - 360 Review

Vibrations:
Va is the vertical vibration
La is the longitudinal vibration
Ta is the transverse vibrations
mm/s: millimetres per second
PPV- peak particle velocity



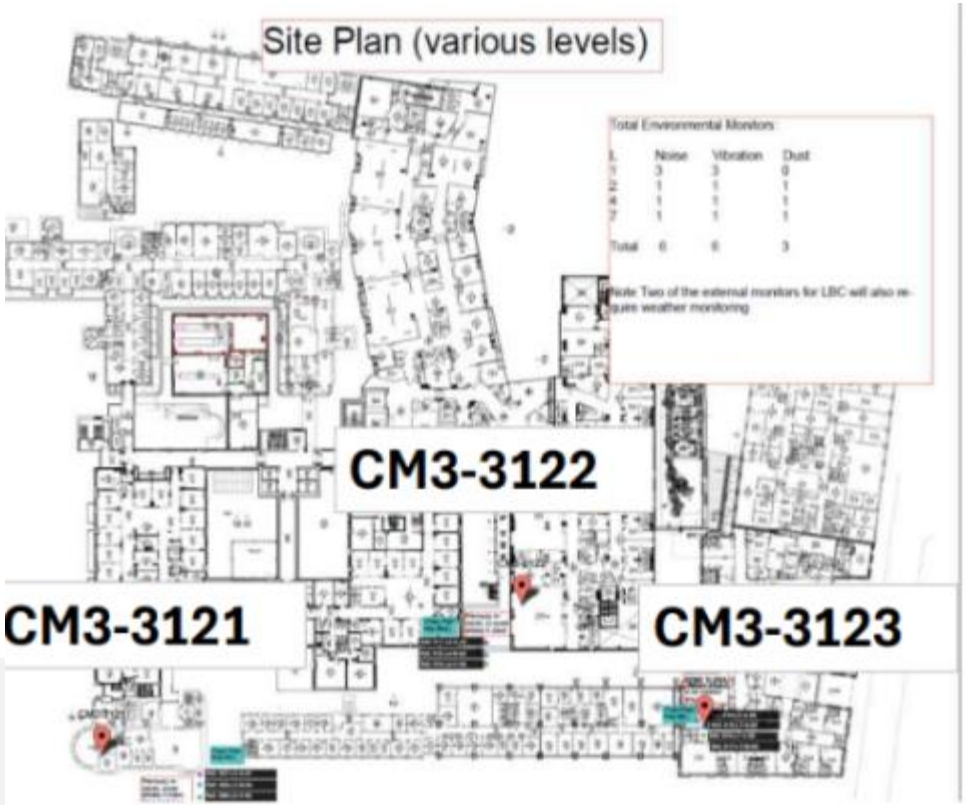
Noise:
LMax is the one off maximum noise recorded within the time period
LEQ is the average for the time period being measured
dB: decibels, unit of measurement for noise

Dust:
PM10 are particles which are less than 10 microns in diameter.
PM2.5 particles which are less than 2.5 microns in diameter.
µg/m³: microns per m3. A unit to express the concentration of particulates in the air

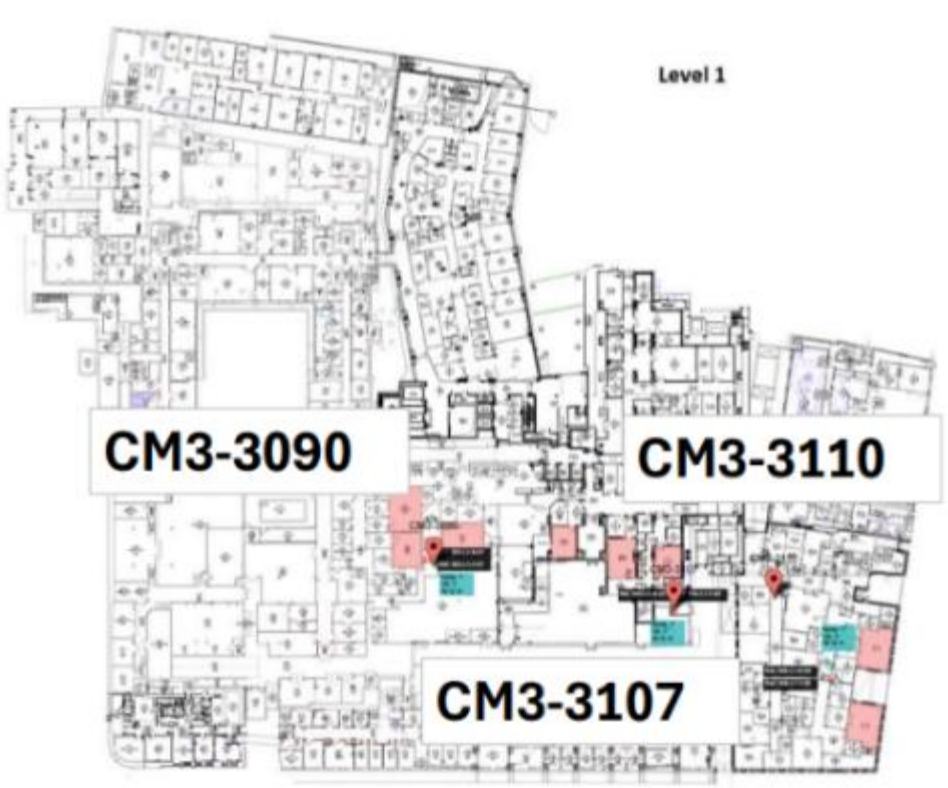


Freephone: 01727 875551 **Email:** ccc@gosh.nhs.uk

Noise / Dust / Vibration - 360 Review



External



Internal

- Three External Monitors : L2 PO'G, L4 PICB, L7 OBW (LEFT)
- Three Internal Monitors : L1 VCB, L2 PICB, L1 OBW (RIGHT)

Freephone: 01727 875551 **Email:** ccc@gosh.nhs.uk

Noise / Dust / Vibration - 360 Review

GOSH Monitoring:

- Type 1 monitors install both internal and external
- LEQ: Measurement of the hourly average for noise level
- Lmax: The one off Max Noise level per hour - Sisk are not measured on this but it is an extra item we measure.
- mm/s: Vibration in vertical, longitudinal and transverse directions
- External Monitors only: Hourly average for dust by taking an 8 second sample every 30mins.
- NO_2, weather data and wind direction are also measured on external monitors as an addition.
- Internal monitors record noise and vibration measurements every 5 minutes.
- External monitors record noise and vibration measurements every hour.
- All monitoring equipment has remained calibrated throughput the monitoring period (March 2024-current) and calibration certs have been shared with the PM.

Noise / Dust / Vibration - 360 Review

DUST:

- Amber limit: 160µg/m³
- Red limit: 190µg/m³

QUIET TIMES:

- 7am-8am
- 12pm-1pm
- 5pm-6pm

Amber: Warning/ approaching the limit.
Red: Breaching the limits
Sisk notified of Amber and Red alerts

NOISE:

- Normal working hours:
- RED: 90dB
- AMBER: 65dB
- Quiet times:
- RED: 65dB

VIBRATION:

- Normal working hours
- RED: 0.5mm/s
- AMBER:0.3mm/s
- Quiet times
- RED: 0.01mm/s
